

Innovator's Info

DRDO Dare to Dream Challenge participants are advised to submit the following info:

1 Your First Shot

Pitch your innovation - what you intend to address, and how.

2 Summary

Provide an executive summary of your innovation, and how it would impact the future of the scientific sphere in context. This will form the basis for the judging panel to evaluate your entry.

3 What you are

If you are a **Startup**, tell us about your company, the fields you work in. What are the goals of your enterprise, and how are you planning to achieve them?

If you are an **individual innovator**, tell us about your professional self and how you intend to make a difference to the future.

4 Plan of Action

Provide information in detail how you would transform your idea in to a product of utility, the resources on hand, the resources required, the timeframes, the constraints foreseen and any other additional requirements.

5 The benefit

Briefly let us know how your innovation will benefit the Defence and Aerospace, and when.

6 What you would do

In case you are shortlisted for the challenge prize, what do you intend to do with the prize money?

7 Anything else

Give details of any other information you would like to provide, or would like to seek.
